

What else should I know?

The fire gazebo in the upper Meadow is for the camp community. It is open for fellowship between the groups staying here at camp.

The restrooms do have hot and cold running water, also flush toilets. There is one shower in the ladies room and a "family shower" room so that our little guests can have the help of mom and/or dad.

Groups are welcome to use all facilities at camp. Prior arrangements should be made and your group will be charged accordingly for each facility used. The indoor chapel is available without charge for church services. The outdoor chapel is available May thru October.

Sunday afternoon family picnics are always available without charge.

You as the guest help keep Valley Camp in pristine condition by cleaning up both facilities and grounds at the end of your stay with us. This helps keep our costs down and camp looking pristine.

Memorial Day weekend is our big Free-For-All work party weekend. This is when we get the camp ready for our busy season. There may be other work parties thru out the year for special projects that are being done to improve your camp.
